ADOPTION OF THE AGENDA AND ORGANIZATION OF WORK

PATTERN OF CONFERENCES

Letter dated 18 October 1990 from the Chairman of the Committee
on Conferences to the President of the General Assembly

I write further to my letters of 30 August and 5 September 1990 in connection with the provisions of paragraph 7 of General Assembly resolution 40/243, section I, according to which no subsidiary organ of the General Assembly may meet at United Nations Headquarters during a regular session of the Assembly unless explicitly authorized by the Assembly. Those subsidiary organs which wish to meet during a regular session of the Assembly must submit a request through the Committee on Conferences.

I wish to inform you that the Committee on Conferences has received and reviewed a request from the International Civil Service Commission to hold a special session from 5 to 9 November 1990. The session of the Commission therefore requires the explicit authorization of the General Assembly.

The Committee on Conferences does not object to this request on the dual understanding that meetings during the forty-fifth session of the General Assembly would have to be accommodated as facilities and services become available, so that the activities of the Assembly itself are not adversely affected, and that a statement of programme budget implications would be submitted to the Assembly in accordance with existing procedures.

It is my understanding that, at its 11th meeting, on 17 October 1990, the Fifth Committee reviewed a statement of programme budget implications (A/C.5/45/16) on the request from the Commission, and accordingly, I should be grateful if the General Assembly would explicitly authorize the proposed meetings of the International Civil Service Commission in accordance with its request.

I wish to inform you that the Committee on Conferences has received and reviewed a request from the Intergovernmental Group to Monitor the Supply and Shipping of Oil and Petroleum Products to South Africa to meet at headquarters during the forty-fifth session of the General Assembly.

The Committee on Conferences does not object to this request on the strict understanding that any meetings would have to be accommodated as facilities and services become available, so that the activities of the Assembly itself are not adversely affected.

Accordingly, I should be grateful if the General Assembly would explicitly authorize the proposed meetings of the Intergovernmental Group to Monitor the Supply and Shipping of Oil and Petroleum Products to South Africa in accordance with its request.
